Md Sabbir Ahmed, MSc

Epidemiologist, Saskatchewan Ministry of Health, Canada
sabbir.epidemiologist@gmail.com · www.episabbir.ca · LinkedIn

SUMMARY

- Epidemiologist with an MSc in epidemiology, three years of professional experience in Canada, and six years of population health research in Canada and Bangladesh.
- Author of 38 peer-reviewed articles, 25 as lead author, with more than 600 citations (h-index 16).
- Analyzes provincial administrative health data and national and multi-country surveys (Canadian Housing Survey, DHS, UNICEF MICS, WHO GSHS) in SAS, R and Stata.
- Research on immunization, maternal and child health, nutrition, environmental lead exposure, and mental health and substance use, with a focus on health inequalities.

EDUCATION

MSc, Community and Population Health Science (Epidemiology) *2021–2023*
University of Saskatchewan, Canada
Thesis: Mental health and substance use during the COVID-19 pandemic in Canada

MS, Nutrition and Food Science (Community Health and Hygiene) *2021*
Patuakhali Science and Technology University, Bangladesh

BSc (Hons), Nutrition and Food Science *2019*
Patuakhali Science and Technology University, Bangladesh

RESEARCH AND PROFESSIONAL EXPERIENCE

Epidemiologist, Saskatchewan Ministry of Health, Regina *Sep 2024–present*

- Analyze Panorama immunization data in SAS to estimate childhood immunization coverage and trends.
- Prepare coverage reports, briefing notes and national submissions to the Public Health Agency of Canada.
- Respond to data requests from the Minister's office and the media.
- Oversee external research projects that use ministry data, including data linkage and data sharing agreements, and guide a data analyst.

Research Officer, SPHERU, University of Saskatchewan *Sep 2023–Aug 2024*

- Led analysis for four funded projects, including Canadian Housing Survey microdata in a Statistics Canada Research Data Centre and DHS data from Mozambique.
- Examined the association between chronic health conditions, vaccination status and long COVID symptoms for a CIHR-funded project.
- Led a working group and co-wrote a CIHR grant application.

RECENT PUBLICATIONS

38 peer-reviewed articles (25 as lead author). Full list on Google Scholar.

METHODS AND SOFTWARE

Methods: survey-weighted and multilevel regression, mediation analysis, inequality and trend analysis, meta-analysis, data linkage.

Software: SAS, R, Stata, SPSS, SQL, ArcGIS, Power BI, Panorama.

AWARDS AND SCHOLARSHIPS

- Best Research Poster Award, Graduate Research Conference, University of Saskatchewan, 2023
- Travel Award, College of Medicine, University of Saskatchewan, 2023
- Travel Award, College of Medicine, University of Saskatchewan, 2022
- Dean's Scholarship, MSc program, University of Saskatchewan, 2021 (CA$36,000)
- Young Researcher Fellowship Grant, Share-Net Bangladesh, 2021
- National Science and Technology Fellowship, Ministry of Science and Technology, Government of the People's Republic of Bangladesh, 2020
- Young Researcher Fellowship Grant, WaterAid Bangladesh, 2019

ACADEMIC ROLES AND ACTIVITIES

Editorial board member

- *PLOS One*

Peer reviewer

- *Global Public Health* (Taylor & Francis)
- *Journal of Health, Population and Nutrition* (Springer Nature, BMC)
- *International Journal of Environmental Research and Public Health* (MDPI)
- *International Quarterly of Community Health Education* (Sage)

Visiting Research Scholar (honorary)

- Department of Development Studies, Daffodil International University, Dhaka, Bangladesh, June 2023–present

Invited guest lecture

- Mount Saint Vincent University, Nova Scotia, Canada. Seminar in Nutrition (NUTR 4406.01): Secondary data sources for public health nutrition research
